

QObject

QGraphicsItem

VSI::ElementArea

```
graph BT; VSI::ElementArea --> QObject; VSI::ElementArea --> QGraphicsItem;
```

The diagram illustrates a class hierarchy. At the bottom is a box labeled 'VSI::ElementArea'. Two arrows originate from the top of this box: one points to the bottom of the 'QObject' box on the left, and the other points to the bottom of the 'QGraphicsItem' box on the right. This indicates that 'VSI::ElementArea' is a base class for both 'QObject' and 'QGraphicsItem'.
