

QWidget

rulerOptions

RulerOptions

```
classDiagram
    RulerOptions --> QWidget
    RulerOptions --> rulerOptions
```

The diagram illustrates a class hierarchy. At the bottom is a box labeled 'RulerOptions'. Two arrows originate from the top of this box: one points to the bottom of the 'QWidget' box on the left, and the other points to the bottom of the 'rulerOptions' box on the right. This indicates that 'RulerOptions' is a base class or provides functionality inherited by both 'QWidget' and 'rulerOptions'.
