

QWidget

ConversionDialog

ConversionDialog

```
classDiagram
    class QWidget
    class ConversionDialog1[ConversionDialog]
    class ConversionDialog2[ConversionDialog]
    ConversionDialog1 --|> QWidget
    ConversionDialog2 --|> ConversionDialog1
```

The diagram illustrates a class hierarchy. At the top level, there are two boxes: 'QWidget' on the left and 'ConversionDialog' on the right. A horizontal line with upward-pointing arrows at both ends connects the bottom of these two boxes. From the center of this horizontal line, a vertical line extends downwards to the top of a third box labeled 'ConversionDialog'. This structure indicates that 'ConversionDialog' (top right) inherits from 'QWidget' (top left), and the 'ConversionDialog' (bottom) inherits from the 'ConversionDialog' (top right).
